HOME *2019/2020*

A SOFTER WORLD

Textiles bring warmth and personality to a home. Our mission is to offer beautiful textiles of high quality, produced with great care for the environment.

SUSTAINABILITY IS IN OUR DNA

Very early on we took a conscious decision to focus on environmentally friendly and sustainable products. It is something that we are very proud of.

We take no shortcuts when it comes to quality. We weave the throws in our own factory of wool that can be traced all the way back to the individual farm where the sheep were raised. In this way, we have full control of the production process and can stand behind our products one hundred percent.

Trends come and go, but we have proven that high quality textiles, made of natural materials, will never be out of fashion…

NATURE FIRST

Wool products are climate-smart.
They are healthy, durable, moist absorbent, dirt and odour resistant.
But best of all, wool is biodegradable! There are many different types of wool.
We choose carefully based on quality and animal welfare.

LAMBSWOOL

Our classic wool throws are made of lambswool. Lambswool is from the first shearing of a sheep at around the age of seven months. Lambswool is softer and more elastic than adult wool.

ECO WOOL

Eco wool means that the breeding and handling of wool must meet specific requirements. No trace of pesticides are allowed in the wool. The animals must be given only natural food and the use of antibiotics is strictly regulated.

GOTLAND WOOL

Gotland sheep are a Swedish breed, dating back to the Viking era. The wool is wonderfully thick, glossy and silky with colours in different shades of natural grey.

MERINO WOOL

Merino is a famous traditional breed of sheep originally from Spain. It is considered to provide the thinnest, finest and softest sheep wool.

CASHMERE

Cashmere comes from a special goat and rearing takes place primarily in various parts of Asia. This is the most exclusive fibre of them all. It is strong and heat-insulating, while being wonderfully soft and light.

PREMIUM WOOL BLANKETS & THROWS

Sweden is blessed with
many talented designers.
We want to celebrate
some of them in our 140-years
anniversary collection.
The collection includes
well-known designs from
the 60´s such as Amorina by
Viola Gråsten, but also Rings,
our first Klippan blanket ever,
designed by
Birgitta Bengtsson Björk.

CLASSIC WOOL BLANKETS & SEAT PADS

A classic wool blanket is tightly woven and felted to be as thick and durable as possible.

Finally, it is brushed to get its soft surface. In the past, the blanket was usually used as a quilt, as it breathes and keeps the heat even when it is damp.

Today, the blanket is mainly used decoratively.

PRINTED PRODUCTS

Our new pattern Bloom, by *Hanna Wendelbo*, is inspired by the beautiful flowers that help honeybees to pollinate.
By cultivating flowers in our gardens and on our balconies, we help the honeybees to do their important job.
